Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of residents, business concerns and institutions, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, presents to subscribers and the general public, this, the latest edition of the Wadesboro Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Wadesboro's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residences, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residents and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

855062
Gift, Public Lib. of Charlotte & Mecklenburg Co.

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains an Anson County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference as perpetual and reliable advertisements of Wadesboro.

The Wadesboro Out-of-Town City Directory Library

Through the courtesy of the publishers of the City Directory, a Directory Library is maintained in the offices of the Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Recreation-An eight-acre public park, Pee Dee Wildlife Refuge, a nine-hole golf course and club, three tennis courts, four swimming pools, fishing and boating at Blewett Falls Lake, Pee Dee River.

Anson County is located in the lovely Piedmont section of North Carolina, where the mountains of the western part of the state blend into the rolling Piedmont Plain. Here, in Anson County, the tranquility of the countryside seems to have imbued the populace with its gentleness. Here, folks are known for extending a warm and sincere hand in friendship. A ready welcome is waiting, too, for new business and industry to locate in an area that has suitable business and industrial climate for growth.

Gently rolling hills and shaded waterways, farmlands and growing towns encompass a total of 533 square miles. The land is generally agricultural in scope, although slightly more than two-thirds is covered by forests and water. Cattle, poultry and hogs are grown on farms, while soybeans, peaches, some cereal and feed crops, along with tree farming, round out the agricultural picture.

Anson County is well-served by highways and railroads. There are 21 trucking firms handling over-the-road freight service, as do the Seaboard Coast Line Railroad and Winston-Salem Southbound Railway Co. Anson County Airport at Wadesboro handles general aviation, while commercial air service is obtained at Charlotte's municipal airport, 60 miles away.

Aiding and encouraging industry in the area is the Anson Industrial Commission. The county's labor force provides skilled, semi-skilled and unskilled workers. The labor force is employed in textile mills, clothing-fabric-finishing plants and metal-fabrication plants. There is a large mobile home construction plant and numerous small, specialized operations.

Anson County is well-served by electric power and natural gas transmission lines, and sites are available for new industry with a good labor force and excellent living conditions.

Anson County's government was the first in the Carolinas and one of the few in the southeastern United States to build a water-distribution system. The Anson County Water Treatment Plant's present capacity is six million GPD and can be expanded to 12-14 million GPD. The development of this new water system has been called "the most significant and ambitious" of a number of programs under way to bring new industry and business to Anson County.

Wadesboro, Anson County's seat of government, was founded in 1783 as New Town with the help of Captain Patrick Boggan, a local patriot of the Revolutionary War, and by Captain Thomas Wade, another Revolutionary partisan. When Captain Wade died in 1786, the town's name was changed to Wadesboro in his honor.

A focal point for trade and social life, Wadesboro has prospered through the years. Today, the sixth courthouse to be built in 200 years in Wadesboro is surrounded by modern businesses, banks and shops.

Recreational facilities abound in the areas. Out in the countryside, the woods provide plenty of game for the hunter. The well-known Gaddy's Goose Refuse near the town of Ansonville was an old and famous tourist attraction to Anson County, which at this time is closed, due to the fact that Mr. and Mrs. Gaddy both have died. Other game includes ducks, quail, dove, rabbit, squirrel, coon, fox, wild turkeys and deer.

Fishing is good in Anson County. There are stocked trout streams and over 500 private ponds. Blewett Falls Lake on the Pee Dee River offers the angler a wide range of fishing-perch, bream, bass, catfish. Right in Wadesboro's 98-acre Municipal Lake, the source of the city's water, can be found lunker bass. It is open to fishermen the year 'round.

Where there is fishing, naturally there is also boating and other water sports. Blewett Lake, a 2,500-acre hydro-dam lake, has two modern boat ramps that make for easy launchings. The Pee Dee River below the dam and the streams and ponds elsewhere in the county also offer water recreation areas. It goes without saying that the swimming is fine.

Swimming can be found also in four pools that provide fun for old and young alike. Golf is a popular pasttime. Within a short drive from Wadesboro are famous courses at Pinehurst and Southern Pines.

Anson County is a place of beautiful homes and churches. Throughout the county, gracious residences demonstrate how the people here love their homes. Houses and homesites are available in every price range, and property is also available for rent in the towns and county areas.

In the springtime, Wadesboro and other Anson County residential areas are aglow with color as camellias and azaleas bloom, along with dogwood and other flowering trees. In the woods as well, color can be seen as wild dogwood and wild flowers spread their blossoms in a riot of color.

Anson County residences and the love lavished upon them have created an atmosphere of homeyness that the newcomer soon will find ecompasses him. Social graces are never lacking in this land of homes where the welcome mat is always out.

Wadesboro developers have provided fine and spacious subdivisions where new homes feature the latest in easy homemaking. Among these developments Eastgate, Southwinds and Old Towne Estates-are all close to town limits.

Other towns in Anson County, too, have their attractive new homes. Old homes also grace the landscape, and some of these date back quite a few years, yet look brand new, reflecting the care given to them.

As with homes, Ansons County's churches show the affection and quiet dignity of their congregations. Some of these churches are old and present a quaint ness and simplicity that touches the heart. Others are more modern and proclaim the everlasting and constantly renewed faith that is so manifestly expressed through the many churches in Wadesboro and other towns of the county. Many denominations of Christianity are represented here.

Blewett Falls Lake, behind the big Blewett Falls Dam, produces electric power for a large part of this area, and is a 2,500-acre fisherman's joy. Here can be found a wide variety of fish-crappie, perch, bream, bass, catfish. The fast-running waters of the dam attract fishermen who like quick action, and the quiet waters of the lake behind the dam attract others who like to fish from a boat or ashore.

Most of the Pee Dee River, which is held back by the hydroelectric dam at the falls, is well-stocked, as are many ponds and other streams in Anson County. Fishing is a popular sport here and a good way to spend long summer days.

Boating is an enjoyable pasttime in Anson County, where boat ramps are found along

the Pee Dee and at the lake. The number of these ramps and the many businesses that cater to the boating population attest to the popularity of boating.

Another popular area is the Pee Dee Wildlife Refuge, an 11,000-acre national wildlife and plant life sanctuary. It is anticipated that flooding of a wide area in the Pee Dee Wildlife Refuge will attract many more geese and other wild birds. Here, too, stocked lakes are open to the public for fishing.

Supervised recreation is provided at church and civic club park areas, while other facilities include picnic areas and primitive camping sites.

Responding to the recreation needs of the people of Anson County, the County Commissioners established the Anson County Recreation Commission. The commission formulates and directs a year-round county-wide recreational program including the 57-acre complex in Wadesboro, named Little Park after the two donors of the land. Here are an Olympic-size swimming pool, clubhouse, ball fields, tennis courts, a six-acre fishing lake, picnic facilities and other recreational activities as well as nature paths.

Another fine recreational site is under development on the Pee Dee River at Lilesville. It embraces several acres and will offer facilities for camping, fishing, boating, archery, riflery, horseback riding and hiking.

Ansonville, Peachland, Polkton, Lilesville, Morven and Wadesboro each have their own public elementary school facilities; 7-8-9-grade students attend Anson Junior High School. The tenth through twelfth grades attend Bowman High School. Bowman High has approximately 400 graduates every year.

For the parent who wants his child to attend a non-sectarian, private school in Anson county, there is Southview Academy on the outskirts of Wadesboro. Here, co-educational primary and secondary classes are offered in grades one through 12. Southview Academy draws its student body from throughout the county and from a small area of nearby South Carolina.

Anson Technical Institute, headquartered in Ansonville, has as its primary objective providing maximum educational and training opportunities for all persons interested in advancement. The institute has an "open door" policy of low-cost or tuition-free educational and training programs. While training young adults to enter the world of industry or business is important, school officials here also feel that it is just as important to provide training for adults who need it.

Anson Technical Institute programs meet many unique situations with a ready hand to help. Here the person who wishes to graduate from high school has a second opportunity to do so. The institute also prepares people through vocational training for employment in business, industry, service occupations and other fields. Technical courses to train students in technical or semi-professional levels are also provided. A new campus has been built in Polkton. It is called the Leonidas L. Polk Campus.

General-education two-year curricula with one-year college-transfer options are available. Artists-in-residence help with musical and art production in programs designed to meet general or cultural interests. The Anson Technical Institute Cultural Advisory Committee presents concerts through the school and also in Wadesboro at the Anson County Library's Little Theatre.

Caring for the outer man, as well as for the inner man, is an ongoing project in Anson County. Wadesboro's Anson County Hospital is a fine, modern medical facility with 97 beds and excellent inpatient care. Among the hospital's special units are well-equipped intensive-care unit, diagnostic laboratories with highly trained personnel and an up-to-date X-ray department. The hospital was opened in 1954, and timely additions have kept it in the forefront of medicine and patient care. The hospital is endowed through local patronage.

The Anson County Health Department is staffed with registered nurses, nurse

assistants, technicians and sanitarians. The local physicians and specialists from Wadesboro and surrounding areas who devote part of their medical day to the clinic are of the highest professional caliber. Maternity, infant, chest, eye, orthopedic and well-baby clinics are conducted regularly. Immunization, sanitation programs and education programs are also provided.

With the outer man well provided for, Wadesboro and Anson County can turn with great pride to the Anson County Library. Within the ocher walls of this refurbished structure are not only fine books and reference materials, but also a fabulous doll collection portraying the inaugural gowns worn by the wives of the Presidents of the United States. The collection was donated by a leading Wadesboro citizen.

On the lower floor of the library is a perfect gem of a small theater, donated by an Anson County family, where musical events, plays and lectures are presented. The library also features a large meeting room and several smaller ones. These are well-equipped with audio-visual and other amenities necessary for good meetings both public and private.

Anson Technical Institute sponsors a little theatre that adds much to the cultural scene and provides for entertainment.

All these adjuncts to the cultural life of Anson County are used constantly by an appreciative citizenry that takes an active interest in art and music.

A GOOD PLACE FOR INDUSTRIAL GROWTH

Anson County has plenty of space for industrial growth. Agriculture, which once was the kingpin of the economy, is being supplanted by light industry, yarn and clothing manufacture, and dyeing operations. Farmland wore out under intensive cropping over the years, and it was due to this distruction of farmland resources that Dr. Hugh H. Bennett, an Anson County native and the acknowledged "father of soil conservation," decided erosion must be stopped. He spent the greater part of his adult life as founder and chief of the United States Soil Conservation Service.

The Brown Creek District in western Anson County was the first chartered Soil and Water Conservation District in the country. It is fitting that this area where Dr. Bennett was born and reared should be the first to be so distinguished. Today, where land was once eroded and washed away, farms and timber now exist. Much of this land is now useful as industrial sites as industry continues its growth in Anson County.

This area is fortunate in having the Blewett Falls Dam and Hydro-electric Power Plant so easily accessible, providing abundant energy. Natural gas is also available from the North Carolina Natural Gas Corporation. An excellent water supply from the Pee Dee River and Blewett Lake, along with the unique county-wide Anson County Water System, provides good opportunity for industry.

Rail and highway transport is also at hand. Charlotte's airport, just 60 miles from Wadesboro, offers full service by five major airlines. Anson County Airport, near Wadesboro, has a 3,700-foot paved runway that is lighted for general aviation use.

The Anson County Industrial Development Commission maintains offices in Wadesboro and is ready to supply information regarding the advantages and resources available in Wadesboro and Anson County, including data on the ample labor force and training facilities for increasing workers' skills.

There are many reasons why Wadesboro and Anson County will make a good place for the newcomer to live and work.

For more information, contact the Anson County Chamber of Commerce, P.O. Box 305, Wadesboro, NC 28170, to the attention of Mr. Glenn F. Webb, executive vice-president. Telephone AC 704/694-4181.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

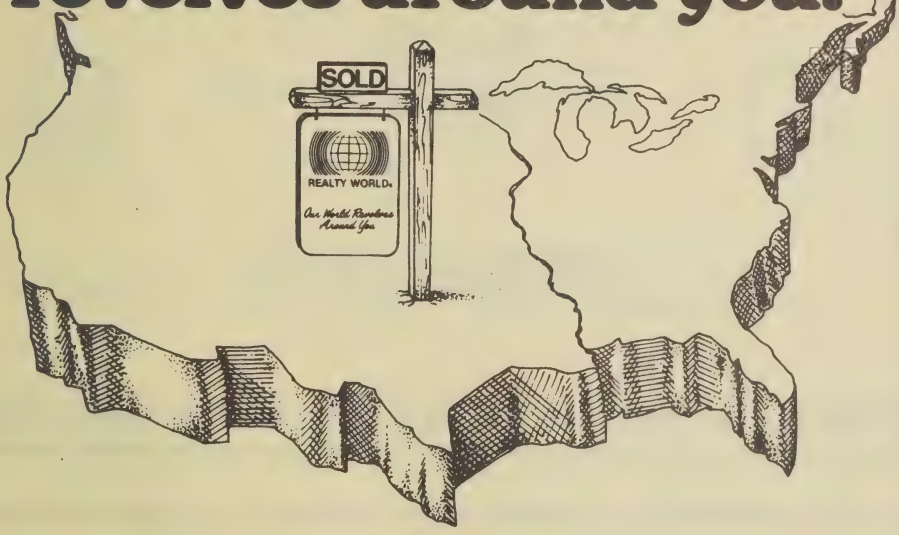
Call 694-2004

127-E Wade St. Wadesboro, N.C. (28170)

Around the corner, around the continent, Our World revolves around you.



Put your Realty World neighbors to work for you, selling your present home, finding your new.

The Realty World sign is seen every day on thousands of lawns, coast to coast, **but never for long.**

The reason is simple. Ours is a World of service that gets fast results for home buyers and sellers.

REALSCOPE TM
a Realty World Exclusive

For home sellers, our exclusive RealScope puts full-color picture power behind our home presentations.

For home buyers, RealScope is a photographic tour that takes place in a Realty World office. There, full-color photos of home interiors and exteriors are presented in a logical sequence. That way, we make sure that buyers visit **only** homes that meet their preview requirements. Realty World associates do not waste anyone's time showing homes which do not meet each buyer's specific desires.

Whether buying or selling, turn to Realty World for all of your real estate needs.

Each office is independently owned.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.
TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.
TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.
FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

USE YOUR ALPHABETICAL DIRECTORY FOR .....

— *Efficiency...* IN EVERYDAY BUSINESS TRANSACTIONS

Accurate names and titles for correspondence
Complete Mailing Addresses including apartment numbers
Identifies signer of letters, statements or checks
Changes in employment, address, etc. for up-dating files
Accurate corporation and company names and principal officers
Identifies payments on accounts with same or similar names

— *Investigations* ... SAVES TIME AND CUTS COSTS

Identifies individuals, applicants, etc.
Verifies employment
Shows wife's name and employment
Locates references and relatives
Homeowners identified
Shows information about people without telephones
Indicates "double-income" families

— *Cashing Checks...* PROTECTS AGAINST BAD CHECKS

Identifies the stranger
Verifies address, occupation, employment
Reveals possible false statements
Provides information for "test" questions

— *Collections...* RECOVERS $$$ FROM UNPAID ACCOUNTS

Traces "skips," shows where now living
Indicates job "skip " now has and where employed
Locates relatives of "skip" shows their address and employment
Locates former business associates, friends and others who knew "skip"

— *Try This...* (OLD N.G.'s, DELINQUENTS AND "RETURNED AS UNCOLLECTABLE")

Look up the names in your newly delivered city directory. Changes of address may be found. Check for employment. New employer may provide a contact. This should be a standard procedure as soon as you receive your copy of the new city directory.

— *Sales...* A POWERFUL SALES TOOL

Where Employed?
Indicates earning potential, buying ability
Opportunities
Identifies business interests
Indicates buying power of neighborhood
Business Owner? Officer ?
Who's who in your community?
Identifies business associates, additional prospects, leads
Business Firm? Corporation?
Principal Officers, owner, partners, manager, director
Shows location of branch offices
Type of business or services
Householders
Indicates heads of families, roomers, other adults in family
Shows students 18 yrs., or over, members of armed forces, retirees
Married? Single?
Shows wife's name, middle initial
Identifies single adults,

Are Both Husband And Wife Employed ?
Identifies double-income families
Shows when evening call is required
Permits detailed qualification and selection of prospects

STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES

The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Street Name and Address
- Occupants
- Home Owners
- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Descriptions
- Zip Codes
- Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.

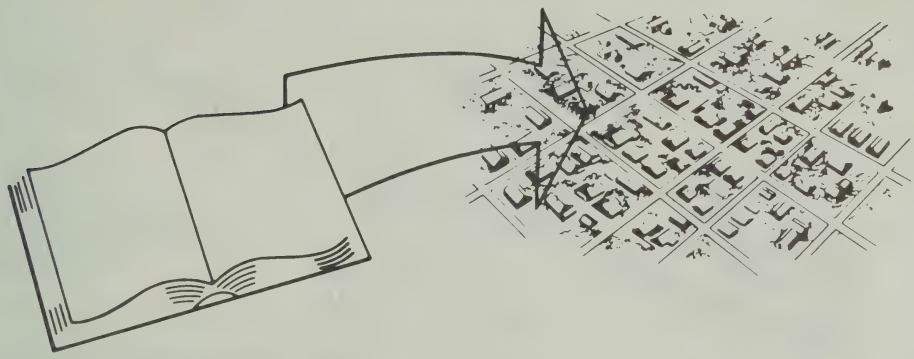
complete street description
zip code
homeowner
new householder this edition
telephone number
homeowner without telephone
under construction
intersecting street
apartment building and occupants
complete street address including apartment number
business operated out of home
suburban designation
possible pay telephone not normally listed in telephone book
office building showing room number and occupant of each office
vacant
nature of business shown when not self explanatory
branch of business firm
multiple purpose address, business firm and residence at same address
renter without telephone
nearest telephone
government offices showing department and telephone number

USE YOUR STREET DIRECTORY FOR ...



— *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

— *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers
Permits mail, telephone or personal contact of prospects
Identifies home businesses or professions
Identifies prospects not in telephone book
Identifies householders
Reveals new families in your area
Shows renters on each street

— *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants
Lists all occupants of apartment and office buildings
Shows telephones of neighbors of "skip" for obtaining new address or information
Shows nearby businesses who may know applicant or "skip"

— *Deliveries And Service Calls...* AVOID DELAYS -- SAVE TIME AND DOLLARS

Verifies addresses
Locates nonexistent or illegibly written house numbers and streets
Shows location of intersecting streets
Shows apartment numbers and occupants of each apartment
Permits verification of telephone orders and defeats "prank" calls

— *Emergency Use...* CLOSEST NEIGHBOR...NEAREST PHONE

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.
TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.
TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.
FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.
CONSULTATIONS OR CIRCULATION CONSULTED

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

VITAL INFORMATION AT YOUR FINGER-TIPS

★ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communications, etc. Also, Directory usage is up among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

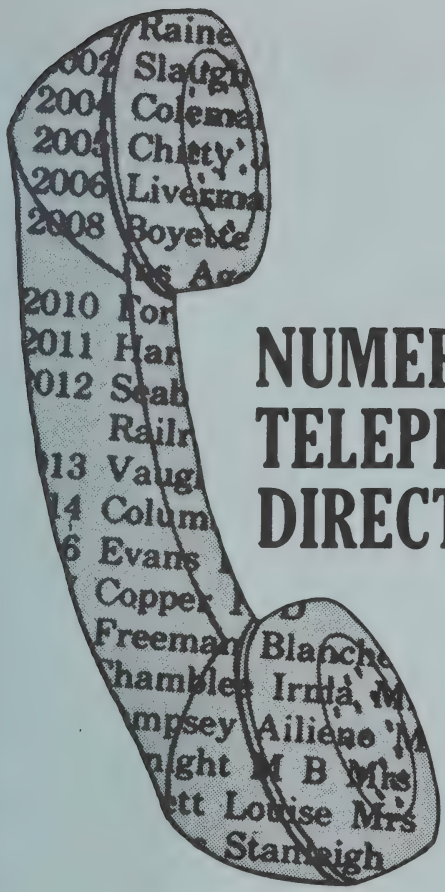
Select and sell from your

CITY DIRECTORY

IDENTIFY EACH PROSPECT

- by neighborhood, area, section of city
- by occupation, job title, marital status
- homeowner/renter/new occupant

No other source provides so much vital information about the residents of your community. Use it to compile a prospect list.



NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

HILL DIRECTORY COMPANY
PUBLISHERS

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

dial code

numbers in sequence

name of telephone subscriber

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED
